

H₂Slim

"H₂OSLIM, A NON ANIMAL WATER SOLUBLE INGREDIENT FOR CALORIE CONTROL"

ABOUT

- Non-animal polysaccharides 100% water soluble
- Non GMO, Gluten free, Allergen free, Mycotoxins free, Non irradiated.
- Genipin free.
- Fat trapping capability: 80% of daily intake (28 g)

WHY

- 2500 times more active than regular Chitosan in water solution
- 175 more active than regular chitosan in powder form.
- GMP manufacturing (TRADICHEM INDUSTRIAL SERVICES)
- Proprietary technology

DOSAGE

- From 0,4 to 1 g, before meals.
- Effective dosage 16-40 mg/ml
